MEMORANDUM TO ASSISTANT DIRECTOR FOR OPERATIONS

25X1A9a

██████████ makes an excellent impression. He seems alert, vigorous, affable, well grounded in Far East intelligence. In spite of lack of specific editorial experience, I believe him qualified for an editorial position handling Far East copy.

He does not want to return overseas, and there are no departmental vacancies at any grade. There promises to be a CAF-9 vacancy at ██████████ next spring, and we could probably wangle a training position here to accommodate him for the period of orientation, but I need approval from ██████████ and from Personnel before giving him definite encouragement.
